The Cognitive Science Society brings together researchers from many fields with a common goal: Understanding the human mind. We promote scientific interchange across disciplines, including Artificial Intelligence, Linguistics, Anthropology, Psychology, Neuroscience, Philosophy, and Education. Membership in the Society includes:

- a full one-year subscription to the multidisciplinary journal *Cognitive Science*
- SIX issues of the journal this year, an increase of 50% from the 2000 volume **new!**
- web-based electronic access to *Cognitive Science* from 1996 to the present
- reduced registration fees at the Annual Meeting of the Cognitive Science Society
- reduced subscription rates to the journals *Trends in Cognitive Sciences*, *Trends in Neurosciences*, *Current Opinion in Neurobiology*, & *Current Biology*, *Connection Science*, *the Journal of Experimental and Theoretical Artificial Intelligence*, and *the Encyclopedia of Cognitive Science*
- discounted prices for books from JAI Press and Elsevier Press
- no additional postage rate for all journal recipients regardless of location
- access to members-only portions of the website as they become available.
- the latest news on conferences, academic programs, jobs, and funding opportunities.

To join or renew, return the completed form below to the address above; or, visit our web site at <http://www.cognitivesciencesociety.org/> for SECURE credit card transmission.
